UltraSpec Mattress

The ultimate tough and durable mattress suited to the highest levels of forensic and correctional care.

 Size: Sizing customisable

FEATURES

Featuring an anti-microbial compliant cover, the seams are fully welded and double stitched and incorporates air valves to release air.

Rated at either 800GSM or 1100GSM, this cover is specifically designed for the highest care environments, such as correctional facilities.

The higher GSM ratings ensure maximum protection against wear and tear, punctures, abrasions, intense usage and rough handling.

Thoughtfully designed and manufactured for Mental Health & Correctional settings.

CARE INDUSTRY

Mental Health Corrections
