M1

ADAPTABLE SEATING & POSITIONING

Open and sleek design with 1" diameter rigid tubular backrest frame allows mounting of virtually any seating and positioning solution. You can now select from a variety of positioning options from a simple curved back to custom molded seating – all with minimum loss of seat depth.

DURABILITY YOU CAN FEEL

You can feel confident that your chair can withstand the rigors of an active lifestyle. The M1 features locking, flip back arm rests with two points of contact for added security. Center mount and swing-away legrest options designed for durability and ease of use.

ADDED STABILITY WITH UNIQUE SUSPENSION GEOMETRY AND LINEAR SPRING DESIGN

ROHO® REFLECTION® CUSTOM MOLDED SEATING

ROHO® AGILITY® MAX CONTOUR

ROHO® QUADRO SELECT® HIGH PROFILE®

ROHO® HYBRID ELITE SR®

ENDLESS OPTIONS

Designed to meet your individual needs, the M1 accommodates ROHO® seating & positioning solutions as well as third party options.

PROVEN TECHNOLOGY

Reliability comes standard with proven drive unit technology also found in the M3 and F3 power series. The unique suspension geometry and linear spring design provides a more stable chassis while the vibration dampening FlexLink™ ensures a smooth ride over a variety of terrain.
